The telephone people moved their camp from Tip Top to Jordan last Thursday. Very satisfactory progress is being made these days.

A number of new engines, it is said, have lately been put to work on the Missouri division. But our trains are not on time all the same.

Judge Hampton has moved back to Ironton from Annapolis and has quarters in the rear of the building on Main street, occupied by Collins & Smith.

Our old friend, "Uncle Dary," Palmer, of Bellevue, was a caller Tuesday. Mr. Palmer says that the prospect for the wheat crop is very poor, indeed.

The young ladies gave a leap year dance at the Academy of Music last Friday evening. There was a fair attendance and the hours sped merrily by.

Dr. C. L. Blanks and wife and daughter, Dorothy, visited A. K. Harris and family Saturday and then returned to Pilot Knob Sunday afternoon.—Farmington Progress.

At the Presbyterian Sunday school next Sunday, at 9:30 A. M., will be given a patriotic program, being the Sunday nearest to Washington's birthday. Everybody is invited to come.

The Ironton Commission Company, that has been doing business over the telephone exchange, closed shop Monday morning. This leaves Ironton with but one commission house.

Mrs. F. L. Cloves, quite a celebrated artist from St. Louis, has rented the log cabin from Mrs. O'Brien and will spend a few weeks in the Valley in the hope of improving her health.

F. H. Remington is the new local manager of the Woodruff-Kroy Co. His home is in St. Louis, where his family is in business. He was recently located at Ironton.—Dunklin Democrat.

The firm of Grandhomme & Shattuck, commission men at De Soto, has dissolved. Mr. Grandhomme has retired and the business is now conducted under the name of the Shattuck Commission Company.

W. A. Russell was here from Potosi last week and sold the Ironton Manufacturing Company one thousand bushels of wheat at one dollar per bushel. The grain was grown on Mr. Russell's farm in Bellevue.

Messrs. Mullin and McKee last week received sixty-five fine brood sows, which have been located on the goat ranch in the south end of the county. The hogs are of the Poland China breed and are said to be very fine.

The I. O. O. F. Southeast Missouri Association held a meeting in De Soto last week. It was agreed not to have a celebration this year, but to have a big time on the I. O. O. F. days at the World's Fair in September.

The road between this place and Sabula is almost impassable in places at the present time. Something should be done towards repairing this road by the County Courts of Reynolds and Iron counties.—Reynolds County Outlook.

The County Collector has until March 29th to settle with the County Court. All who have not paid their taxes before that time will be placed on the delinquent list, and have considerable costs to pay in addition to the taxes and interest.

The store of Bell & Son at Bellevue was entered by burglars Friday night of last week. This is the third time in twelve months that the establishment has been burglarized. It is a pity that the offenders can not be apprehended and punished.

Souldard Turner, well known in the Valley, where he spent many of his boyhood days, has been promoted to a captaincy in the regular army and is stationed in some barracks out west. His many friends here congratulate him on his preferment.

STRAYED—From my home in Pilot Knob, a Jersey heifer, two years old, dark color, crop off right and split in left ear. Will pay reasonable reward for information leading to her recovery.

CHAS. MADLINGER,  
Pilot Knob, Mo.

Isadore P. True and Samuel H. Kaplan, recently convicted in the U. S. District Court, St. Louis, of using the mails for the purpose of defrauding, were landed in jail here last week and will remain eleven months. William Noeline was also brought here and will serve a sentence of six months.

Will Persons, of Arcadia, and Granville Shular had some words last Friday evening and Shular hit Persons in the back of the head. A warrant was sworn out against Granville and the case set for Tuesday. On Tuesday the prosecuting witness failed to appear and the prosecuting attorney dismissed the case.

Last Saturday morning about half-past two o'clock some one threw two stones, breaking two large glass windows in the Vaughn barber shop. Green, the barber, sleeping in the back room, was awakened by the noise, and hurried out, but could not tell who the offenders were. It was a very contemptible act.

Our enterprising citizen, Mr. Louis Miller, has been at no little trouble and expense endeavoring to get out a specimen of marble from the quarries on Marble Creek for the Iron county exhibit at the World's Fair. Thus far he has not been very successful, the marble breaking before a piece of sufficient size can be secured.

A man was here from Ohio last week looking up the record of Lowenstein, the man who built the woolen mill here about ten years ago. He said a party was working the same scheme in some town in Ohio, and while he passed under another name than Lowenstein, he was inclined to think he was the same person who was here.

A car load of mules, en route to Memphis, were unloaded here last Saturday and fed and watered and then started on their way again. The mules were in bad shape when they arrived, many of them being down in the car, and the company probably thought that unless they were taken to a lot of dead mules into Memphis it would be best to water and feed here.

The trial of Pink McCarver in Farmington, last week, on the charge of killing Harry Let in a saloon in Farmington in November, resulted in a hung jury—two of the jurors, it is said, wanting to return a verdict for thirty-five years in the penitentiary, and two of them insisting on the death penalty. The case was then continued until May 31st, and McCarver was released on a \$10,000 bond.

We understand that the threatened trouble between the school board and the young lady teachers of the Bellevue public school has been amicably adjusted. The young ladies had a contract for an eight months' school but there was only money to pay them for five months. And when that time expired the board requested the teachers to close school. At first the young ladies refused, claiming that as they had a contract for eight months school, so were they entitled to remuneration for their services for that period. They only taught a portion of a day, however, after the five months and closed the school.

On Thursday the State Board of Railroad and Warehouse Commissioners issued a maximum distance schedule, making reductions in freight rates, affecting pretty nearly all lines, varying with different classes of commodities. On grain the reduction ranges from 30 to 35 per cent; on live stock, the rate is only decreased 5 per cent in some instances, the reduction goes as high as 40 per cent in others. On soft coal the rate which has prevailed is lowered 50 per cent, while the reduction on hard coal is 25 per cent. The rate on lumber is reduced 15 per cent, and on merchandise the rate is reduced from 5 to 50 per cent. On the "classes" the reduction runs from 6 to 50 per cent.

The twenty-fifth annual report of the Bureau of Labor Statistics and Inspection of Missouri for the past year has recently been issued. Following is the statement of surplus products shipped from Iron county during the year 1902: "Cattle, head, 1,900; hogs, head, 1,780; horses and mules, head, 61; Sheep, head, 391; wheat, bushels, 4,431; corn, bushels, 661; hay, pounds, 20,000; flour, pounds, 1,470,000; hardwood lumber, feet, 13,014,000; pine lumber, feet, 7,766,000; logs, feet, 530,000; piling, feet, 84,000; railroad ties, 225; cordwood, cords, 804; coopersage, cars, 288; iron ore, 120; granite, cars, 402; junk, cars, 21; poultry, dressed, pounds, 3,320; poultry, live, pounds, 23,241; eggs, dozen, 61,350; butter, pounds, 1,292; fresh fruit, pounds, 2,580; dried fruit, pounds, 3,930; dressed meat, pounds, 430; game, pounds,

120; furs, pounds, 4,133; feathers, pounds, 2,275; hides and pelts, pounds, 18,323; lard, pounds, 1,000; tallow, pounds, 5,972; potatoes, bushels, 75; vegetables, pounds, 626; wool, pounds, 4,650; roots, pounds, 2,752; beeswax, pounds, 140; charcoal, cars, 11. The aggregate value of the foregoing commodities computed at the prevailing average current prices, amount to \$670,217."

A Greenville editor booms people when they marry. Here is one of his samples: "Miss Jennie Jones and Bob Henry were married at the Jones' mansion last night. The bride is a daughter of our constable Jones who is a good officer and will undoubtedly be re-elected next spring. He offers a fine horse for sale in another column. The groom runs a grocery store on Main street and is a good patron of our ad. columns and has a fine lot of bargains this week. All summer he paid two cents more for butter than any other store in town. The happy couple left on the ten o'clock train to visit the bride's uncle in Milwaukee, who is reported to have lots of money and Bright's disease. Bob certainly has an eye for business."

R. P. Ramsey, sheriff of Van Buren county, Iowa, arrived in Ironton, Tuesday of last week in search of one Chas. Cackley, living near Caledonia, in Washington county. Cackley is wanted in the Iowa county on the charge of murder, committed thirty-six years ago. It will be remembered that a story was printed about three months ago telling of Cackley serving a thirty days' sentence in jail here on the charge of securing a pension in another man's name. Thirty-six years ago Cackley made his escape from jail in Iowa, where he was confined on the charge of murder. He came direct to Washington county, and after residing there a short time he concluded he would apply for a pension. He was afraid to apply for the pension in his own name for fear the Iowa authorities would by that means locate him. So he applied under the name of a comrade—Isaac Beck—whom he had heard was dead. He was allowed a pension under this name, and continued to draw it for many years without molestation until the real Isaac Beck—who was not dead—applied for a pension himself. On the receipt of his application the Interior Department started an investigation, which resulted in Cackley being arraigned before the U. S. Court on the charge of obtaining a pension under an assumed name. Owing to the fact of the defendant's ignorance and the further fact that he was entitled to a pension in his own right, the court made his sentence a light one. During the investigation conducted by the Interior Department the Iowa authorities learned of the whereabouts of Cackley—who had for nearly forty years been a fugitive from justice. Cackley served his thirty days in jail here and was released about Christmas time. Sheriff Polk accompanied the sheriff from Iowa to Caledonia last week and they took Cackley in custody without any trouble. He did not seem especially surprised at their coming and had but little to say about the crime of long ago. It is said that notwithstanding the long lapse of time since the murder was committed all of the important witnesses in the case are still living, and the defendant will likely receive a severe sentence. Cackley is about sixty-five years of age and has a wife and four children.

### Announcement.

Dear Friends and the Public Generally—Let me remind you that with every setting sun we are growing older. Do not let opportunity after opportunity pass by without becoming more closely acquainted with each other. It is becoming absolutely necessary to your enjoyment of life to have the best of groceries—canned goods of the very best. But I neglected to say that every rising sun brings to light some new sensation with new ideas and new goods, surpassing those of former years, which enables me to meet the requirements of any and all of my old friends, and new; in fact, everything is new, fresh and up-to-date at the Arcadia Valley Grocery store.

Yours, Truly,  
LOUIS MILLER.

### Bellevue Items.

Rev. H. J. La Tour filled his regular appointment at the Second Baptist Church Sunday. He delivered a good common sense sermon, and said in substance that, while there had been such a great change for the better in the past fifty years, in the way of science and literature, religious advancement is somewhat retarded by the prevalence of pride. And such is true.

P. G. Carty was seriously hurt last week, and at this writing confined to his bed. I did not learn the full particulars of the accident, but I am reliably informed that, while he was attempting to drench a sick horse, the horse struck him in the side with its feet, breaking five of his ribs. However, it is reported that he is getting along as well as could be expected.

Commissioner Buford, of Ironton, attended church here Sunday. Mrs. Sam Moyer and son, Fred, visited Mr. and Mrs. A. G. Moyer Sunday.

Miss Gertrude Fitzpatrick visited Mrs. Imboden Saturday afternoon. Gentry Ramsey went to Annapolis Saturday.

E. M. Logan is rapidly recovering, and we are reliably informed that he will soon be himself again.

Dr. G. W. Farrar made a professional trip to Warren's store Sunday, to see Mrs. J. Lambert, who is said to be in a critical condition. Thomas Bartlow has purchased the St. Clair property in town; consideration being \$150; also, P. G. Carty has purchased the Blakeley property for which he paid \$125. There is not a vacant house in the town.

James Van Nort, St. Louis, is spending a week's vacation with home folks, and as usual, when at home, attended church on Sunday. James is truly a Christian young man, whose conduct at all times and places, is commendable.

Flem Kidd, of near Edge Hill, passed through town not long ago en route for Graniteville where he placed his daughter, Miss Myrtle, in school.

John Edmunds, who taught school near Hogan, has closed his school, and is now at home. We welcome you home, John. P.

A few weeks ago it was reported that Mr. Albert Alcorn, of Black River, had purchased the Hartzell residence. He moved his family to our town last week and has rented the blacksmith shop now owned by H. L. Bell and has opened up for business.

Wm Imboden has been under the care of the doctor. He is at his brother-in-law's, Wm. Wyatt.

J. J. Carty moved last week into the Blakeley property, his father having recently purchased the same.

Tom Bell and wife have gone to visit in St. Louis and other places, with some prospect of their seeking a new location. Our people would regret to lose Mr. Bell and his accomplished wife from our midst.

On yesterday Ollie, the second son of J. H. Campbell, was kicked by a horse. Drs. Kerigan and Farrar were immediately called, and while at first the accident appeared to be of a serious nature, yet at this writing (Tuesday) indications point to his recovery.

Samuel Davis, a student at Fredericktown, has had a spell of sickness which necessitated his being out of school for a few weeks. He came home yesterday morning.

The work of graveling the road between our town and the Washington county line has been pushed forward notwithstanding unfavorable weather. Much credit is due the subscribers who made the improvement possible, as well as to Mr. Russell, who has carried out the wishes of the people, and also the County Court for the encouragement they gave to a worthy enterprise. Since Caledonia and Bellevue have first-class road conditions and the same may be said of the road leading to Graniteville and Ironton, would it not be wise to consider the necessity of graveling the road from Iron Mountain until it intersects the Ironton and Bellevue road.

Ben Sinclair, of Piedmont, spent Sunday with his father near Brule.

### St. Louis Letter.

EDITED BY THE L. C. CLUB.  
Our friend, Hugh T. Pattison, seems to have incurred the wrath of the great and mighty Pee-Dee. Hugh has recently opened a cafe on Twelfth and Locust streets, which is considered one of the finest in St. Louis. The evening "Knocker" calls it an "luxurious hand-book establishment," and implicates Andy Blong, our congenial police commissioner, and Johnny Flynn as partners in crime in the violation of the State laws.

Mr. Pattison, who formerly owned the Jester at Tenth and Pine, is a member of the I. C. C. He and Messrs. Blong and Flynn belong

### Everything in the Grocery Line.

This is what we live for; we can not take anything with us when we cross the river, as it may hinder us in our swimming contest; so eat, drink and be happy while you can, and the Arcadia Valley Grocery Store is the place to get the one thing needful to make the inner man glad and happy all his days. "Tell me not in mournful numbers, life is but an empty dream," and you will find this out when you buy good things to eat at our store. My country friends have been urging me to put in a full line of goods, and I have come to the conclusion their advice is good and sound, so as soon as I get my store building enlarged I will put in a full line of

to the same hunting and fishing club, and are friends of long standing. We are well acquainted with the gentlemen in question, and the only thing we ever saw them play was pinochle. We hear from official source that a Pee-Dee reporter played 50c on a Pee-Dee tip and hence this "awful exposure." Moral: if you must play the races, steer clear of the Pee-Dee selections.

A local company is being formed to manufacture bricks in Havana, Cuba. Gold bricks?

While riding on a Suburban car with Conductor Fred Killalee he pointed out the improvements his company were making for the comfort of the World's Fair visitors. The car had just been furnished with three new straps.

We notice in the Republic, under the heading "Twenty-five Years Ago To-day," of a couple being married by Dr. Spitz. Our best wishes to that couple on their silver wedding anniversary. Our good friend the Doctor is still doing business at the old stand.

Speaking of weddings, the Club offers its sincere congratulations to Mr. and Mrs. Robert Schneider, whose wedding took place to-day at St. Peter's and St. Paul's church. May they live long and prosper.

The weather has been too cold for much farm work, except at the World's Fair grounds.

Rev. Father Coffey addressed the Spiritualists at the Odeon last Sunday. Verily the ministers of the present day are seeing things in a clearer light and a broader view.

The negro who shot and killed "his fellow countryman," Am Ray, the notorious negro politician, has been arrested on two shooting charges—homicide and craps.

And the ground hog seems to be sustaining his reputation as a weather prophet.
